THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORY

Because It Is Used The Most To Find Just Such Information You Most Wish To Have The Public Know

FIRST—What line of goods you handle. SECOND—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc. and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

QUINCY

COMPILED BY H. A. MANNING COMPANY WITH THE ASSISTANCE OF QUINCY CHAMBER OF COMMERCE.

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Quincy as limited space permits. The local resident, the visitor, and the distant reader about Quincy, wishes to gain an impression of Quincy as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Quincy's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian, that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following remember that the Quincy City Directory disseminates this information far and wide where this Directory represents Quincy in the Free Directory Library Exchange System of North America. The Quincy City Directory, with nearly 700 closely printed pages, is the City of Quincy in book-form; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Quincy and all interested.

City Seal

LOCATION—Quincy lies on Quincy Bay, which is off the larger Massachusetts Bay, forming the excellent harbor that has had so much to do with the shipping importance of New England. Quincy is strategically situated for residence and business, only seven miles from the heart of Boston, with which it is closely connected by business and social ties. Distances from Quincy are, New Bedford 47 miles, Providence 43, Worcester 43, Lowell 33, Concord, N. H., 96, Portland 118, Bangor 268, Springfield 105, Albany 186, Schenectady 205, Hartford 115, New York 223, Greenfield 105, Elmira 391, Atlantic City 359, Buffalo 506, Philadelphia 318, Rochester 409, Burlington 223, White Mts. 187, Washington 454. Gateway to Cape Cod.

HISTORICAL—Quincy was settled as a trading post in 1625 by Capt. Wollaston. In 1640 it became a part of the Colony of Massachusetts. It was originally a part of the township of Braintree from which it was set off in 1792 and made a town, to which the name of Quincy was given. In 1888 it was incorporated as a city with Charles H. Porter as the first Mayor. Quincy is exceptionally noted as the birthplace of two presidents of the United States; also other distinguished persons. The birthplace home-
stead of John Adams, second president, was built in 1681, and restored in 1897 by Adams Chapter of D. A. R., and is located on Franklin Street. Birthplace of John Quincy Adams, sixth president, was built in 1716 and restored in 1896 by Quincy Historical Society and is located on Franklin Street. Birthplace of John Hancock, Adams Street where a bronze tablet marks the spot where the house stood in which this patriot was born. Abigail Adams Cairn, Penn's Hill off Franklin Street, marks the spot from which Abigail Adams and her son John Quincy Adams watched the smoke of the Battle of Bunker Hill.

TOPOGRAPHY—Quincy has an unusually beautiful and interesting topography. The altitude varies from sea level to 480 feet in sloping terrain. The average altitude in the business and residential sections is 25 feet in the lowlands. The Blue Hills Reservation is partly in Quincy and constitutes a delightful variation from the low land of the sea shore. It is probable that the topography of Quincy surpasses in beauty and variety that of any other city in Massachusetts, combining sea, headlands, shore and hills. The residential districts extend into the highlands from which views of the lower parts of the city and the bay may be had. Much of Quincy's charm for residences is its highland home sections. From the Blue Hills it is possible to see much of Boston and the Metropolitan area. Quincy has the attractiveness of the "South Shore" which leads to incomparable Cape Cod. Area 16.77 square miles.

POPULATION—Quincy is the fastest growing city in Massachusetts. It has grown from 47,876 in 1920 to 71,983 in 1930. 1940 Federal Census, 75,810. Estimate by the publishers of this Directory is 81,000. There were in 1930 22,019 white males and 23,498 white females. Colored population was 34. Total males 35,439, females 36,544. American born 75 per cent. Predominating nationalities are Canadian, Italian, Scotch, English, Swedish, Irish and Finnish descent. In 1941 there are 39,465 registered voters. Quincy is destined to reach a population of 100,000 in a few years. It is a desirable place of residence and for business. Within 25 miles of the city hall there is a population of over 3,000,000. Number of homes and apartments is approximately 21,017.

FINANCIAL—There are 1 savings bank, 3 commercial banks, 2 cooperative banks, 1 federal savings & loan Co. with combined assets of \$83,152,027.26. The bonded debt of the city is \$4,346,500. The assessed valuation of all property is \$125,541,925. Tax rate \$31.20. Postal receipts year ending Dec. 31, 1940, \$296,167.65. Annual building permits issued in 1940, 1442 representing a value of \$2,455,528.00.

TRANSPORTATION—Quincy is served by the New York, New Haven & Hartford Railroad, connecting only 8 miles distant with the Boston & Albany Division of the New York Central lines, and all divisions of the Boston & Maine system. The Dennison Airport which is the oldest airport in the United States, has been taken over by the Squantum Naval Air Base and combined with that field to make one of the largest naval air bases along the eastern seaboard. Local trolley and bus lines serve all parts of the city and connect with adjacent cities and towns. Motor truck freight service is extensive. Highways 3, 135, 3A, 37 lead to the city and are high class construction. Quincy has a harbor for large and small shipping, and at Fore River has one of the large dry docks of the country. Quincy occupies an important position from a water transportation standpoint. Town River has a channel which offers 24 feet of water at low tide and about 33 feet at high tide, and will accommodate almost any size coastwise vessels. It is expected that several boat building companies on the river will be benefited by this water advantage and opens

up a future of Quincy as a port for coast wise water transportation. The Naval Air Base located at Squantum is rapidly being developed by the U S Navy into one of the largest and finest air bases in the country.

MERCANTILE--The city is the center of an extensive retail trade with a population of over 300,000 within a 60 mile radius. There are 921 retail establishments and 50 wholesale serving a vast population of 7,000,000 within 150 miles. Quincy has about 3 miles of store frontage, with large department stores and many specialty shops. There are over 500 professional offices. In addition to its resident population, the summer resorts of Quincy bring thousands of seasonal residents each year. The combination of possibilities for employment, educational and recreational opportunities, delightful places of residence, make Quincy attractive as a place to live and trade.

manufacture. The relations between employer and employee are extremely cordial, and strikes are of very rare occurrence. A supply of highly skilled workmen is one of Quincy's greatest assets. The fine quality granite deposits are a great industrial asset. A strong Chamber of Commerce encourages new industries.

RELIGIOUS AND BENEVOLENT--There are 41 churches representing 15 denominations with a total membership of over 44,202. These church

edifices are well placed throughout the city. The fraternal and club life is extensive with more than 400 organizations represented, some well housed in their own buildings.

RECREATIONAL—For amusement and recreational facilities Quincy can hardly be surpassed. There are 43 parks and playgrounds with a total acreage of 324, and a value of \$558,300.00. These combined with the extensive Blue Hills Reservation, part of which lies in Quincy, give the city an unusual amount of play space. Quincy has an exceptionally attractive golf course and club house facilities from which excellent views of the city can be had. Not the least of Quincy's recreational facilities is its shore line and resorts, beaches, also yacht and shore clubs of which there are 5. Boating and bathing activities are popular. There is

a large social and recreational life among the shore summer residences. A most unusual bathing facility is some of the abandoned quarry pits filled with water to a great enough depth to permit diving of a fancy character from the top of the granite cliffs, 30, 50 and 75 feet into the cool, green depths. Quincy is so located that it lends itself to recreation for residents and those residing in nearby cities and towns. Quincy stands high in its public school athletic activities and competing sports with other city schools. There are 7 amusement theatres including one auditorium. Bridle paths in the Blue Hills Reservation furnishes excellent opportunities for the equestrian enthusiast.

INDUSTRIAL QUINCY

Quincy has long been engaged in the quarrying of granite from the large high-grade deposits located here. Many years before the present era of intensive industrial policies, Quincy was a factor in manufacturing production. The site of the first railroad in the United States is at West Quincy, built for the hauling of granite for the Bunker Hill Monument. Many notable structures built of Quincy granite testify to its excellence for such purposes, also monumental granite is extensively used.

There are today 129 manufacturing establishments employing 6,754 and having wage payrolls of \$9,905,576 annually. Annual production value \$27,494,791. Larger activities center around quarrying, shipbuilding, granite cutting and finishing, packaging machinery, iron studs and gears. Principal products are ships, machinery parts, granite rivets and studs, gears, rubber goods, amplifying and telephone equipment, marine engines, portable buildings, paints, tools, chemicals, yachts, boilers, steel and brass foundry products, floor machines, conveyors, cord and thread, leather products, underwear, dresses, cymbals, small boats, airplanes and airships, automobile bodies and tops, carbonated and fermented beverages, cigars, cigarettes, concrete blocks, furniture, ice cream, insect screens, musical instruments, scales, scientific instruments, soap, starch, signs,

tanks, ventilators window shades, storage batteries chemicals, garages, twine, underwear, starches, molded rubber goods, paints, varnishes, plaster models, engines, crushed stone, rubberized fabrics, granite tools, packing and labeling machinery, awnings, truck bodies and cabs.

THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORY

Because It Is Used The Most To Find Just Such
Information You Most Wish To Have
The Public Know

FIRST—what line of goods you handle. SECOND where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

PROCESS COLOR PLATES FROM S. D. WARREN CO.

H. I. WILLIAMS PHOTOGRAPH

THERE ARE but two kinds of *printing*—good and bad. Good *printing* is not necessarily expensive. Craftsmanship and taste are elements apart from price. Modern *printing* must have quality to make a favorable impression on your clients and prospects.

We can *print* it in colors as shown above or in black and white. Either way, we try to maintain the same high quality—whether it's a business card or a brochure with illustrations like this.

EVERY CITY

must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country. Some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your Directory registration to see that it accurately records your position in life from year to year.

Write your views to them on all important local, national, and international legislation that comes up for vote before them. Express yourself frankly and with force. They need your letters. They are away from home and many times under evil influence. Do not hesitate to write them many times a year strengthening their hand and giving them the advantage of your good judgment and common sense. Guide them with good, old fashioned home-town logic and help save America from pitfalls which daily threaten our constitutional rights.
